

Homelink adapter wiring diagram

It is necessary to purchase one of these two kit part #'s.

Either one will work.

G1C390-1T

GIRU-1T

Wire as shown in this illustration

Follow learning instructions for remote supplied with adapter kit. Follow vehicle instruction for Homelink learn procedures. Note: Use remote from adapter kit for this procedure.

To mount the receiver on the garage door lock control box. Use double stick tape, velcro or silicone adhesive.
